Summer 2004

## Director's Corner

I hope that you are enjoying your summer vacation!!

What an outstanding performance the students and staff gave at "Disney at the Movies", Dance & BodyWorks 6<sup>th</sup> annual year-end performance. The show received rave reviews! Everyone danced beautifully and most importantly had a good time. Each year I am awed by the improvement in dance ability and dedication of our students. You all should be very, very proud of yourselves. I know I am. Thank you to the entire Dance & BodyWorks family for all of the hard work it took to put on a performance of this magnitude. You all were fabulous. I am excited about doing it all again next year!

The planning for the 2004-2005 dance season is well underway and is filled with exciting programs, events and opportunities for everyone. Some of this season's highlights include "Scrooged" an original holiday production, the Annual New York Overnight Dance Excursion, Master Classes and Workshops, and much more! So get ready for an exciting, fun-filled year of learning, growth and new experiences.
